

# SAM

BOOST YOUR YIELD

## PLANT

Mini pollinator, without compromising the desired quality characteristics for its sale. Strong plant with a thin guide that allows it to penetrate the crop to facilitate pollination in triploid watermelons.

## FRUIT

Medium-sized round fruits weighing between 1.5 kg and 3 kg, with defined dark green stripes. Very uniform fruits, making them more attractive, with red, sweet flesh. It has micro seeds that make its sales easier.

improving  
food is in our
